Premier Soccer League

- Approximately 20-24 competition opportunities
  - Three tournaments = 9 games
  - 2-3 Inter club play dates = 6 games
  - Inter/Intra - club friendly games = 5-7 games

# Club Pass

The Club Pass process permits Clubs to move players from one of their teams to another. Players have the chance to play on different teams and for different coaches at different levels of competition. As a practical matter, the Club Pass process also helps Clubs fill roster spots occasioned by injury or other player absences.

Playing in different leagues, i.e. LCSL and GSPL

- \* A player can play on two teams on the weekend
- \* A player cannot play on two teams on the same day
- \* A player can CP on level/age up (unlimited)
- \* A player can CP level down (3 max)

# PLAYING TIME:

Playing time in the competitive programs will vary based on the age and level of the team/competition. 2014 (U10), 2013 (U11) & 2012 (U12) Teams: All players, regardless of team or age, will play at least 50% of all game minutes in a season. This may mean that they play less or more any given week, but that overall their playing time should be approximately 50% of the team's minutes played. This may change based on practice attendance or other issues that may come up throughout a season. Playing time for players playing at the 2009 (U13) and above level will vary based on team level and age.

**2011 (U13) Black Teams:** The 2011 (U13) year is a year of transition to a bigger field, larger rosters, and physical growth for some players. With this in mind, 2011 (U13) Black level players will be guaranteed to play approximately 40% of all game minutes in a season. Players may play less or more any given week as deemed appropriate by the team coach. As always, practice attendance, effort, and other considerations will be taken into account.

**2011 (U13), 2010 (U14), 2009 (U15), 2008 (U16), 2007 (U17), 2006 (U18) & 2005 (U19) Black Teams:** There is no guarantee of playing time at any time. Black level players are expected to challenge themselves at all times and compete for playing time. Our Black level teams will attempt to gain a result from each game. Playing time is determined by the coach and can be based on situations, matchups, need for a result, or many other factors. As always, practice attendance, effort, and other considerations will be taken into account.

**2011 (U13), 2010 (U14), 2009 (U15), 2008 (U16), 2007 (U17), 2006 (U18) & 2005 (U19) Red, Maroon, White Teams:** Players should play in at least 50% of a team's minutes played in a season. In any given game, there is no playing time requirement, but rather throughout the whole season. As always, practice attendance, effort, and other considerations will be taken into account.

# Player Movement

There are many internal and external contributing factors that may propel or stagnate a player's overall development during the seasonal year. Our primary objective with this policy is to continually evaluate the psychological profile, namely the "Playing Personality" of each player we interact with as outlined below. This will also enable our coaching staff to reevaluate the individual player's areas of strengths and weaknesses and afford them the appropriate environment for optimal develop. Our secondary objective is ensuring the player is participating at the appropriate competition level. Additionally, to promote and instill good training habits with a higher degree of investment in personal development, attention to details, concentration, intensity, self-motivation, responsibility, accountability and overall contribution to "team".

# Player Movement cont'

**Maturity** – ensuring the individual player can deal with level of coaching, competition within and outside current team, **etc**

**Confidence** – providing opportunities for each player to become confident in his/her soccer abilities

**Leadership** – empower players to take initiative and ownership.

**Motivation** – Is the player self motivated or pushed by outside influences (coach, parents, siblings)

**Physicality** – ensuring players can deal with the athletic demand

**Soccer skills sets** – ensuring a player's overall skill sets are adequate to deal with the changes and imposed demands of his/her level of competition

# The Player Movement Process:

Any consideration to move a player will require a minimum of five observation/evaluation opportunities (i.e., team camp, practice, games, practicing or guest playing with another team). The following staff will complete the observation/evaluation process and make recommendations. The final decision will be made by the Director of Coaching.

- Director of Coaching
- Age Group Director
- Executive Director
- Current Team Coach
- Associate Staff Coach

The Director of Coaching will have at least two phone or in person conferences with the parent/s of the player being considered.
